

## SECOND HAND HARTFORD LG-1000 MACHINE CENTER

### TECHNICAL FEATURES:

|                                   |                 |
|-----------------------------------|-----------------|
| → Table surface                   | 1.150x510 mm    |
| → Máximun weight allowed on table | 700 kg          |
| → X Axis traverse                 | 1.000 mm        |
| → Y Axis traverse                 | 510mm           |
| → Z Axis traverse                 | 630 mm          |
| → Spindle speed                   | 10.000 rpm      |
| → Rapid cross                     | 30/30/24 mm/min |
| → Main engine load                | 11 kW           |
| → Weight                          | 7.000 kg        |

→ Year of manufacturing

2007

**EQUIPMENT:**

- CNC Fanuc 21 i-MC
- Internal Coolant
- 24 tool random charger
- Chip conveyor
